Just like the old saying goes, there is no **Latest SK0-005 Exam Bootcamp** royal road to success, and only those who do not dread the fatiguing climb of gainingits numinous summits, Forward such queries E_S4HCON2022 Latest Exam Review to our email address and do not forget to include the Exam codes you need access to.

Live Updates of SK0-005 Exam Braindumps Test Software, Verified Answers Researched by Industry Experts and almost 100% correct, It provides the information which is up to date.

NEW QUESTION: 1
HOTSPOT
You run the following Transact-SQL statement:

You need to ensure that you can insert data into the table. What are the characteristics of the data? To answer, select the appropriate options in the answer area.
Hot Area:

Answer:
Explanation:

Explanation/Reference:
Explanation:
Box 1: custid
IDENTITY indicates that the new column is an identity column. When a new row is added to the table, the Database Engine provides a unique, incremental value for the column. Identity columns are typically used with PRIMARY KEY constraints to serve as the unique row identifier for the table.

Box2: postalcode
postalcode is declared as NOT NULL, which means that a value
must be inserted.
Box 3: region
Fax is also a correct answer. Both these two columns are
declared as NULL, which means that data entry is optional.
